

Sliding Keyboard Shelf 19 Inch Rack Keyboard Drawer *RAKS Series*

Sliding keyboard shelf that keeps a standard keyboard securely stored and easily accessible within a 19-inch rack.

Key Features and Benefits

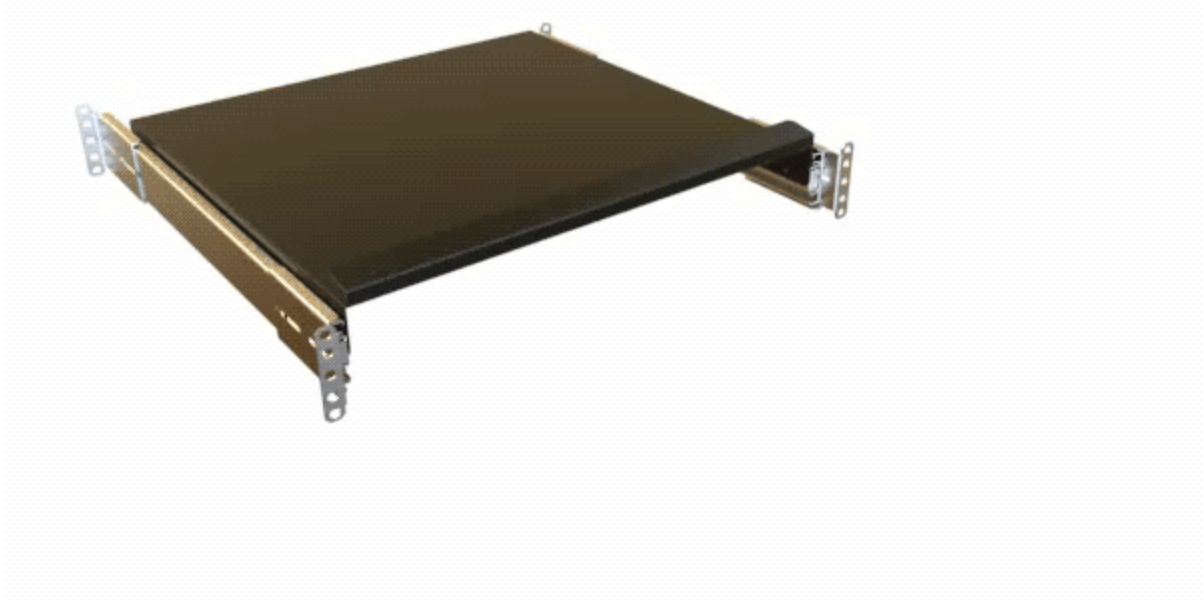

- 16-gauge steel construction supports up to 129 lb (59 kg) while providing a durable sliding shelf designed to fit all standard 17-inch wide keyboards.
- Heavy-duty ball-bearing slides provide smooth operation, allowing the keyboard to slide out for use and store neatly inside the rack when not in use.
- Compact 2U design helps maximize usable rack space while keeping a keyboard readily available for local equipment management.
- Requires two pairs of mounting rails for installation in standard 19-inch EIA-310-E racks and cabinets.
- 16-inch shelf depth and 16-inch slide travel provide comfortable keyboard access while maintaining a compact footprint inside the rack.
- Ball-bearing slides are tested to BIFMA standards for a minimum of 55,000 operating cycles, delivering dependable long-term performance.
- Ideal for network closets, server rooms, industrial control systems, and AV installations where occasional local keyboard access is required.
- Keyboard stores completely inside the rack to help maintain a clean, organized installation and protect the keyboard when not in use.
 - *Note: Keyboard not included.*
- Manufactured in North America, ensuring consistent quality, materials, and production standards.
- TAA-compliant, manufactured in North America within an ISO 9001 certified facility.
- Black powder coat finish (GREENGUARD Gold Certified, TSCA, and RoHS compliant) provides a durable, environmentally responsible finish.

The RAKS Series Sliding Keyboard Shelf provides a convenient, space-saving solution for installations that require occasional local keyboard access. Designed to fit standard 17-inch keyboards, the shelf slides smoothly on heavy-duty ball-bearing rails and stores neatly within a standard 19-inch rack when not in use.

With a 129 lb load capacity, durable steel construction, and BIFMA-tested slides, the RAKS Series delivers dependable performance in data centers, telecommunications rooms, industrial facilities, and AV installations. Manufactured in North America, it offers an efficient way to keep a keyboard readily available without sacrificing valuable rack space.

Accessories

- Hardware for Rack Mounting Solutions
- Rack Shelf Slide Block Sliding Shelf Retention Bracket
- Extender Bracket for Sliding Shelves
- Rack Equipment Installation Tool Patented Rack Rail Support
