

Ampeg Gemini VI 25W* *Guitar Amp Replacement*

Features

- Physically, parts were designed to look similar to original factory units (where possible).
- Material used & design specs. were kept as close as possible to the original part to preserve the stock "tone".
- See drawing for specifications and size.
- Do you know of any models we don't list? If so please contact us for information. We do have a great deal available when you help us add any missing antique tube amp transformer or choke for Fender.
- Contact us at Guitar@hammfg.com
- **DISCLAIMER:** *Hammond Mfg. is not affiliated with Ampeg. Amplifier model names are trademarks of the Amplifier companies and are just listed here for reference purpose only.
