GUELPH, ONTARIO – April 28, 2026

Hammond Manufacturing's North American markets remained strong in the first quarter of 2026, while US tariffs negatively impacted earnings. With a strong commitment to customer service and a proactive approach to navigating the uncertainties of the geopolitical climate, the Company recently announced an 85,000 square foot expansion that will provide more paint and metal fabrication capacity.

Hammond Manufacturing Company Limited manufactures a broad range of products for the electronic and electrical products industry, including metallic and non-metallic enclosures, racks, small cases, outlet strips, surge suppressors and electronic transformers.
