

Mimo MystReserve with Mimo Adapt Tablets

Room Scheduling without Platform Lock-In

MCT-MRESERVE-1

The Mimo MystReserve with Adapt Tablets

Mimo MystReserve combines intuitive, calendar-agnostic room scheduling software with the commercial-grade Adapt tablet to deliver a complete room scheduling solution. Designed for conference rooms, campuses, healthcare facilities, and shared workspaces, MystReserve provides real-time room availability, instant booking, and clear visual room status using integrated programmable RGB LEDs.

Compatible with Microsoft 365, Google Workspace, Zoom, and other calendar platforms, MystReserve helps organizations simplify scheduling, improve room utilization, and reduce meeting delays. Built for 24/7 operation, the Adapt LBI features a sleek low-profile design, concealed cable management, flexible mounting options, and a high-resolution display, creating a modern scheduling experience that is easy to deploy and easy to use.

Capabilities:

- Works on any Mimo Adapt tablet
- Calendar support for Microsoft 365, Google Workspace, Zoom and more.
- Software launches from M-Lock using a web URL
- Ability to make your own floor plans
- Support for multiple calendars
- Instant booking

Applications:

- Corporate offices
- Conference rooms
- Huddle rooms
- Higher education campuses
- Healthcare facilities
- Shared workspaces
- Government environments
