- Supports AV components up to 5.4kg (12lb)
- Can be mounted inside the STS680 wall plate or attached to the outside of the wall plate
- Mounts Sold Separately  
STS680 - Wall Mount

# Crestron® Collab Compute 110/120 Mounting Bracket

FOR USE WITH THE STS680

Peerless-AV's ACC-STSCCC is a dedicated mounting solution designed to simplify the installation and servicing of the Crestron® Collab Compute. This accessory attaches directly to the sides of the Collab Compute 110 or 120, streamlining setup and maintenance. It securely mounts the Collab Compute to the Peerless-AV® STS680 wall plate, eliminating the need for drywall drilling and providing a clean, professional installation every time.

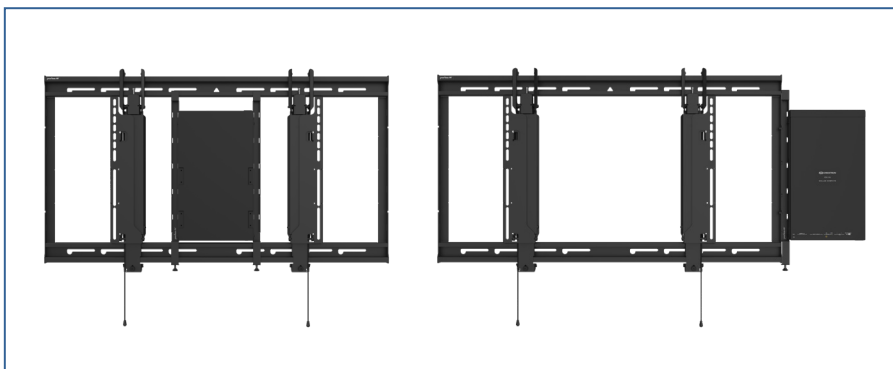

**HOOK-AND-HANG™ INSTALLATION**

Easily attaches to the left, right, or center of the SmartMount® Universal Ultra-Slim Scissor Wall Mount (STS680)

**REDUCED INSTALLATION TIME**

Quickly mount the Crestron® Collab Compute directly to the STS680 frame, speeding installation and eliminating the need to attach to drywall
