1/5-Slot Charging Cradles for Galaxy Tab Active Series Mini Guide

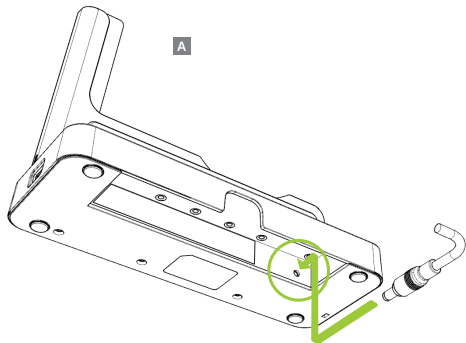

* All pictures shown are for illustration purpose only.
Models are available for Galaxy Tab Active3,
Tab Active4 Pro, Tab Active5, and Tab Active5 Pro.

For details on warranty, certifications, and legal compliance,
please refer to koamtac.com and the Reference Manual.

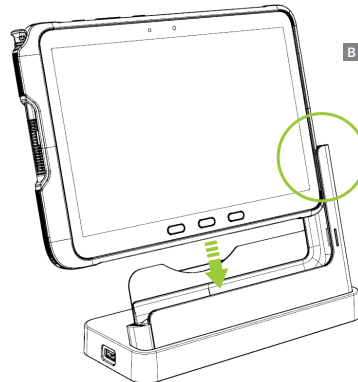

Charging via DC Connector - 1-Slot Cradle

Connect the 12V/4A DC power adaptor to the DC jack on the bottom of the 1-Slot Charging Cradle (A).

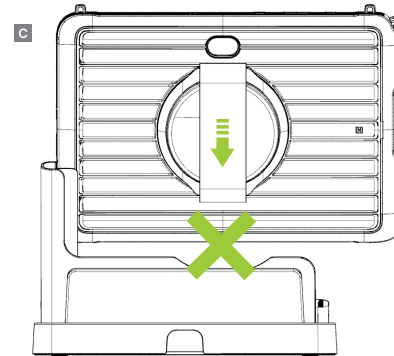

Charging Your Tablet - 1-Slot Cradle

Slide the Tab Active downward along the guide and into the charging slot (B).

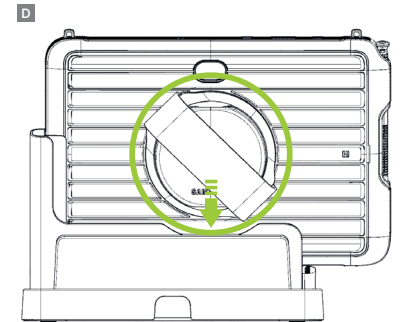

Hand Strap Direction (if applicable)

Do not hold the hand strap vertically. The device mounting may not be stable (C).

The device can be stably mounted with the hand strap oriented in any direction, except vertically (D).

How to Verify Device is Charging

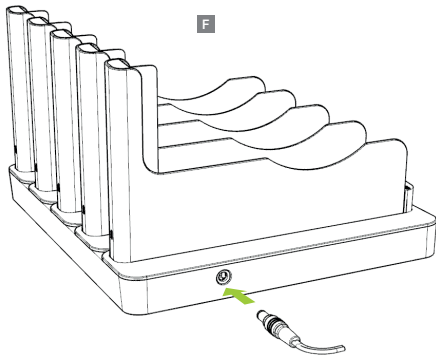

The device status LED will turn orange, signalling that the Tab Active is now charging (E).

*The cradle is equipped with a USB port on each side. Each port provides up to 1.5 amps of power.

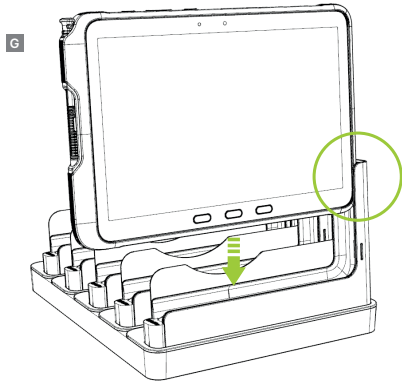

Charging via DC Connector - 5-Slot Cradle

Connect the 12V/10A DC power adaptor to the DC jack on the back of the 1-Slot Charging Cradle (F).

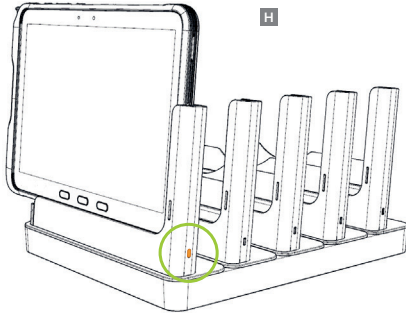

Charging Your Tablets - 5-Slot Cradle

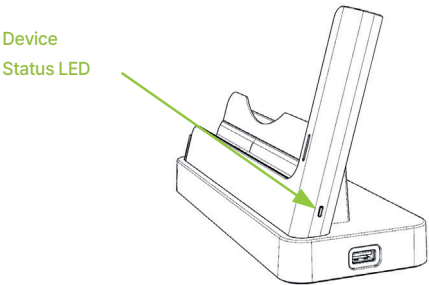

Slide the Tab Active downward along the guide and into the charging slot (G).

The device status LED will turn orange, signalling that the Tab Active is now charging (H). Each charging slot has its own respective LED indicator.

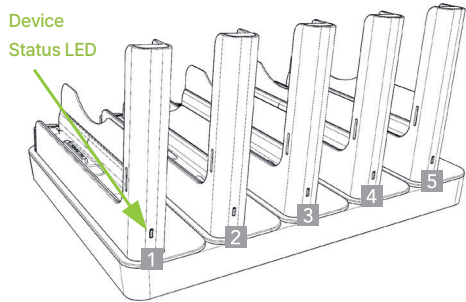

Charging LED Status - 1-Slot Cradle

- Blinking Green:** When the cradle is powered on
- Orange:** Charging/Fully Charged
- Blinking Red:** Charging Issue
- Overheating
 - Charging Fault
 - Foreign material inside

Charging LED Status - 5-Slot Cradle

- Blinking Green:** When the cradle is powered on
- Orange:** Charging/Fully Charged
- Blinking Red:** Charging Issue
- Overheating
 - Charging Fault
 - Foreign material inside
