

Flex Case

Quick Start Guide

For Linea® Pro Rugged™

Getting Started

Remove the Linea Pro Rugged (LPR) Flex Case and any included accessories from the packaging and verify the box contents. The LPR Flex Case is shipped with the following items:

- (1x) Linea Pro Rugged Flex Case
- (1x) Hand Strap and (1x) Wrist Lanyard
- (1x) Mute Button, (2x) Green Buttons, and (2x) Yellow Buttons

SKU:

PART NUMBER	DESCRIPTION
CS-LPR1516	Flex Case with Hand Strap and Wrist Lanyard for LPR 15, 16, 16e, 17, and/or 17e

Assembling the Flex Case with the LPR

Before inserting the Linea Pro Rugged (LPR) into the Flex Case, pre-install your compatible iPhone and LPR device. For instructions on how to install your iOS device, please refer to the [Linea Pro Rugged User Manual](#).

The LPR Flex Case seamlessly integrates the Linea Pro Rugged (LPR) with various iPhone models, providing additional power and protection for high-volume scanning workflows and around-the-clock operations.

Follow the instructions below to maximize the lifespan of your device:

1. Ensure the five (5x) button inserts are installed. If installation is needed, align the inserts with their corresponding openings in the case and press them securely into place (see Figure 1).

Note: For iPhone 15, the mute button should not be installed.

2. Align the LPR charging port at the bottom of the device with the opening on the Flex Case.
3. Gently insert the LPR into the case by first sliding the bottom end of the LPR downward, and then push in the top of the LPR until it is seated securely (see Figure 2).

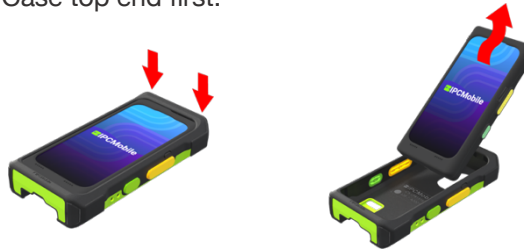

Figure 2: Inserting the LPR into the Flex Case

Removing the LPR from the Flex Case

1. Firmly push back the top two corners of the Flex Case until the device is exposed (see Figure 3).
2. Remove the LPR from the Flex Case top end first.

Figure 3: Removing the LPR from the Flex Case

Attaching the Wrist Lanyard

If it's not already installed, attach the provided wrist lanyard (see Figure 4) to the LPR for additional security and to prevent accidental drops.

1. Insert the lanyard loop into one of the holes and push it through until it comes out the other hole.
2. Thread the lanyard cable through the loop.
3. Pull the cable to secure it in place.

Figure 4: Attaching the Lanyard to the Flex Case

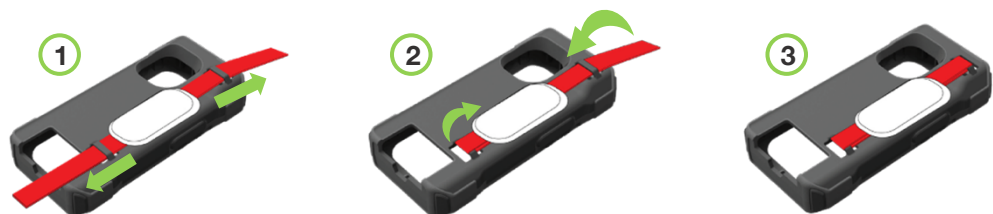

Installing the Hand Strap

Install the provided hand strap (see Figure 5) to the LPR for additional security and to prevent accidental drops.

1. Thread each end of the hand strap through the slots on the back of the Flex Case.
2. Fold each end of the hand strap to secure it to the Flex Case.
3. Adjust as needed while holding the device to ensure the strap fits securely around your hand.

Care and Maintenance

Follow these guidelines for care and maintenance of the LPR Flex Case:

- Do not use abrasive cleaners or materials. Use 70% isopropyl alcohol wipes, Super Sani-Cloth® Wipes, or Sani-Cloth® Bleach Wipes. The cloth/towel should be damp, not wet.
- Wipe exterior surfaces only and avoid moisture in openings. Do not submerge or spray directly onto the device.

Warranty

IPCMobile does not warrant, and is not responsible for, any damage to the Linea Pro Rugged device or LPR Flex Case (“Product”) as a result of liquid or solid particle intrusion into the Product or damage caused by dropping the Product. If a material or workmanship defect arises with regard to any IPCMobile product, and a valid claim is received within the Warranty Period, IPCMobile (at IPCMobile’s sole discretion) will (1) repair the Product using new or refurbished parts, or (2) replace the Product with a new or refurbished Product. For purposes of this limited warranty, “refurbished” means a product or part that has been substantially returned to its original specifications. In the event of a defect, these are your exclusive remedies.
